TY Trip To Waterford Greenway

by Olivia Leamy and Jodie Phelan

Photography by Thomas O'Mahoney

Thursday, 16th September, saw all Transition Year students go on a trip to the Greenway in Co. Waterford. We left at 9am on Thursday morning on buses heading to the small village of Durrow, where we began our walk. On the walk we passed through tunnels, walked over bridges and saw stunning views of cliffs and the sea. We walked on for another

few hours and eventually reached our destination in the beautiful sea-side town of Dungarvan.

In Dungarvan we ate lunch, went shopping and relaxed for a while on the quay after our long walk. We then got back on the bus and travelled home. This was a great trip to start off the TY year and hopefully is a sign of things returning to normal with more trips on the way.

Variety Show

by Kate O'Shea and
Carrie Ann Ryan

Cashel Community School will present a Variety Show this coming November.

We hope to have a number of different acts in the musical dancing and acting fields. We are all so

delighted to be back on the stage again and are really looking forward to having an audience to witness what we do. Last year most of our performances were of a virtual nature and this was wonderful. This year we really are looking forward to

getting back on the stage and having a live audience - please support us and keep an eye out for updates!

Cashel Community School announces the musical for this year is going to be... Grease!!!

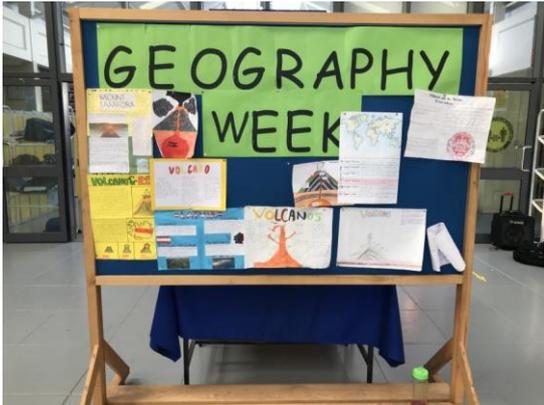

Get on your dancing shoes to bop along to numbers like Summer Loving, Those Magic Changes, Hopelessly Devoted To You and We Go Together!!!! More information about auditions will come soon - keep an eye out for updates!!!

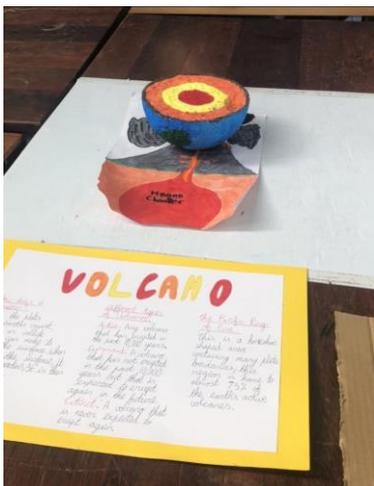

Geography Week in CCS

by Aoibhin Brennan

Geography week took place in the middle of September.

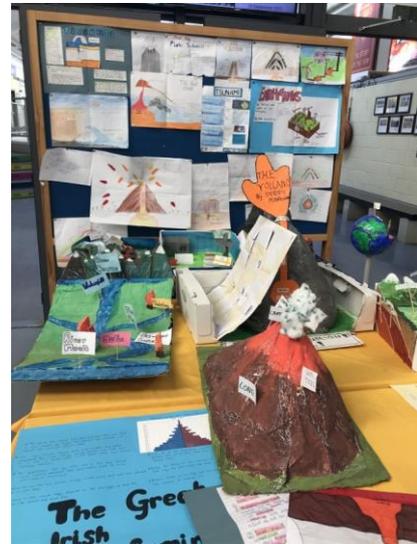

It consisted of many activities in order to encourage students to broaden their knowledge on geography.

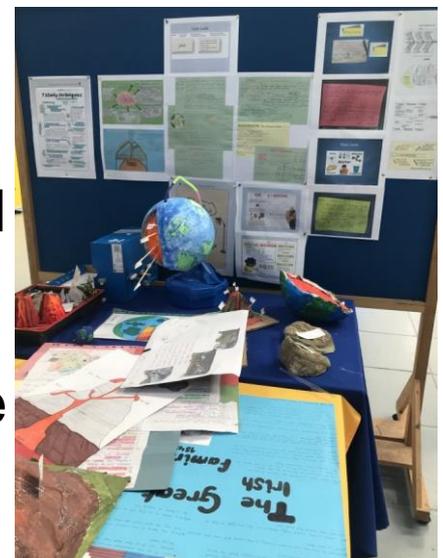

2nd Years took part in a project competition. They could either make a model such as a volcano made out of cardboard, or they could make a

poster and base it on geography in general, or on a certain feature such as a mountain or a river.

6th years went on a field trip to expand on their geographical and nature skills.

1st years took time out from learning in class to complete online geography Kahoot quizzes, also to learn more about nature, rivers, mountains and other aspects of the subject.

Interview with Past TY Student

by Corey Prendergast and Padraic Ryan

Past TY Student: Lee O’Riordan

How was your TY experience?

“My experience has been very positive. We couldn't go on trips because of Covid, but other than that it was a great experience.”

What did you find good about Transition Year?

“What I found good about TY was it was a year to trial new subjects such as

computers, to do fun things and experience what I want to do for my future.”

Would you recommend doing TY to 3rd Year Students?

“Yes, absolutely! Covid did prevent us from going on many trips but I still got a lot

of benefits from doing it.”

What was your favourite part of TY?

“My favourite part of TY was by far our trip to Ballyhass. It was great fun and overall just a good day. My favourite part of the trip was the zip-lines.”

Godolphin Bursary 2021

by Darwin Navarro

Cashel Community School is pleased to announce the Godolphin Bursary which was unfortunately discontinued in our school in 2019 and 2020 but has been continued for the first time since 2018.

Godolphin is the global thoroughbred breeding and horseracing team founded by His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the United Arab Emirates and Ruler of Dubai.

This bursary is open to all students at Cashel Community School who will be sitting the Leaving Certificate in 2022. It will be awarded to a student who intends to continue full-time study at an Institute of Technology or University in Ireland, or at an equivalent institution overseas.

The recipient will receive a free laptop along with a funded 3rd level education. Additional information regarding the Godolphin Bursary was given to the 6th year students via Google Meets presentation on the 21st of September.

Healthy Eating Week

by David Haheesy
Photography by Thomas O'Mahoney

TY students who study Home Economics normally take part in Healthy Eating Week but with Covid, this year it is postponed.

Healthy Eating Week wasn't just about healthy food in previous years, because there was also a lot of exercise involved. 1st year students did a "Drop Everything And Run" for their exercise back in 2019.

Usually Home Economics teachers will check the lunches of the First Years to see if they have healthy lunches.

We continued the tradition of healthy cooking even though the week didn't happen.

Pictures were taken of a Transition Year group cooking a Mexican style dish known as tacos. Thomas O'Mahoney who took the pictures was part of the cooking class showing off his skills in the culinary arts.

Thanks to Ms. Bergin for granting permission to take photos in her class.
