Introduction to Watercolour Painting (Beginner Level)

Introduction to Watercolour Painting (Beginner Level)

This beginner-friendly evening course is designed for those who are completely new to watercolour painting or who would like to refresh the basics in a clear, step-by-step format. Over the duration of the course, participants will learn foundational techniques while creating a series of studies and paintings.

Throughout the sessions we will explore:

- Using simple drawing techniques where appropriate to support and plan watercolour work
- Colour mixing and tonal control
- Watercolour techniques including washes, layering, and fine detail
- Developing a series of small studies and accessible beginner-friendly paintings

All core materials will be provided. Participants are encouraged to bring a sketchbook if they have one, as it will be useful for exercises, notes, and developing ideas throughout the course.

No previous experience is required. This course is suitable for complete beginners. Relaxed learning environment.
