Children with Additional Needs – QQI Level 5 – Minor Award

The Children with Additional Needs course is a single module course with QQI level 5 accreditation. It is designed for those who intend to work with children with special needs in an educational /care setting.

This course empowers you with the skills and knowledge needed to excel as a care assistant in special needs settings, helping create positive learning and life experiences for the children you support.

This course is delivered fully online so you can study with us from anywhere.
